

Prabhakar Patil Education Society's - B. Ed. College Facilities

Library :

Our library is a vast ocean of knowledge interspersed with different pearls of well stocked books, Video Cassettes and CD's. Our library is stocked with books. To supplement this knowledge our library has a depository of Video Cassettes and CD's and new pearls in the form of new books are added frequently.

Computer Laboratory :

Our college has opened up the windows of knowledge by setting up a well equipped computer laboratory which assists us to keep pace with the current changing roles of the teacher in this technology driven educational scenario. The college has a full-fledged computer laboratory. The laboratory is equipped with state-of-the-art computers and other equipments which are effectively utilised by the faculty as well as students to make their teaching learning process and research effective.

Psychology Laboratory :

The college optimally utilizes the Psychology Laboratory which has various standardized intelligence tests, aptitude, creativity tests and also interest, adjustment and personality inventories. In addition to this, the institute is equipped with the requisite equipments required for conducting the various psychology experiments for B. Ed. students.

Hostel :

The hostel facility at the present is available only for girls. For the boys, the college helps them in looking for accommodation close to the college campus.
